Version 1.0 • August 2026

1. Purpose and governance

This document is the single visual and content-design reference for Spraoi Coach, Spraoi Journey, printable coaching cards, diagrams, exports and marketing assets. New work must follow this document unless a documented version update replaces a rule.

Primary logo	Approved full Spraoi Sports logo supplied 2 August 2026
Primary icon	Approved multicolour tree/person icon supplied 2 August 2026

2. Brand foundations

Brand promise	Growing stronger together through clear, enjoyable and connected coaching.
Coach experience	Practical, trustworthy, calm and efficient.
Child experience	Simple, encouraging, visual and achievable.
Tone	Active voice, short sentences, plain language, positive coaching language.
Avoid	Dense paragraphs, jargon, unexplained abbreviations, punitive language and visual clutter.

3. Logo system

Primary logo

Use the full logo on document covers, exported PDFs, login pages, marketing pages and formal headers. Keep a clear area equal to the height of the letter "S" in Spraoi on all sides.

Primary icon

Use the icon for app icons, compact navigation, favicons, badges, empty states and small card marks. Do not redraw, recolour, stretch, rotate or add effects.

Minimum sizes

Asset	Digital	Print
Full logo	120 px wide	30 mm wide
Icon	24 px	8 mm

4. Colour system

Leaf Red	#F02A22	Important actions and challenge emphasis
Leaf Purple	#7A1FA2	Advanced progression and secondary accents

5. Typography

Large headings	Bold, sentence case
Card titles	Bold, maximum two lines
Body	9-16 pt depending on output

6. Layout and component rules

- White or very light backgrounds with generous spacing.
- Rounded cards with subtle borders; avoid heavy shadows.
- Use icons to support labels, never replace essential text.
- Keep a single dominant action per screen or card.
- Coach pages may be information-dense but must remain scannable.
- Child pages must show one clear challenge and one clear action.

7. Coach library experience

Selecting a Skill opens a skill hub. Coaches see multiple activity cards linked to that Skill and may filter by age, difficulty, format, duration, players, equipment, area and indoor/outdoor suitability.

Activity preview card must show	Full activity view additionally shows
Title, diagram preview, age, difficulty, duration, players	Objective, setup, how to run, coaching points
Primary Skill and format	Easier/harder adaptations, equipment, safety
Add to Session and Favourite	QR/video link, version and copyright

8. Journey child experience

Children never browse the coach drill library. The weekly plan surfaces one child-friendly Challenge for each selected sport focus, plus an optional athletic task. A challenge explains what the skill is, how to do it safely, the measurable target and an encouraging top tip.

Challenge screen section	Requirement
This week's skill	Skill name and simple one-sentence explanation
How to do it	Three to five short illustrated steps
Target	Specific and measurable
Video	Optional player-facing demonstration
Action	Start / mark complete
